

GEMINI
ENDLESS COMBINATIONS

Inspired by the beauty of possibility, the Gemini candleholder is a perfect union of form and function. Designed mathematically to allow for the candles to be the smallest distance apart while still remaining stable, the Gemini stands out for its clean lines and simple purity.

Made of one piece of solid stainless steel, the candleholders each hold two handmade candles with the optimal burning time of 3.5 hours. Be it standing alone or together, the Gemini can be arranged in limitless combinations.

Material
Solid stainless steel

Dimensions
W11 H11.5 cm
